5,000 acres in the non-mamool areas in the river channels—both above and below the Krishnarajasagara. The limits in each channel up to which the special cultivation may be carried will be fixed by the Irrigation Department, and it is hoped that endeavours will be made to carry on the cultivation in compact blocks so as to get the best results from the supply of water that will be allowed.

2. A water-rate of Rs. 2 per acre will be levied for this special cultivation in the current year.

3. Persons who intend to take advantage of this concession will immediately apply to the Revenue Commissioner who will fix up the blocks in consultation with the Irrigation Department.
